A CELEBRATION AROUND THE WORLD

Mother's Day is celebrated around the world, and it has a long history. Some believe it started with ceremonies to honor mother goddesses, specifically Cybele, the Greek mother of gods

In North America, the holiday started around the end of the 19th century. International Women's Day was created in 1909. Later, Mother's Day was officially created in 1912 in the US. The name was created by Anna Jarvis. An interesting note on English grammar and punctuation was the placement of the apostrophe: Jarvis made the word *mother's*, not *mothers*. This means that the mother is singular, not plural like in *mothers*. Jarvis wanted it this way to show that each single mother is important, and the holiday is to honor each mother not mothers.

Today the holiday is celebrated by many different countries at many different times. However, the most common day is the second Sunday in May. This is true in English speaking countries like the United States, Canada, England, and Australia. In these countries Mother's Day is not a national holiday. However, because it is on a Sunday, families have time to spend together. People celebrate by giving gifts to their mothers, especially flowers. It is also a common tradition to take the mother out for breakfast, lunch, or dinner.

23) What is the purpose of the holiday? It is to honor _____

- A) families
- B) Anna Jarvis
- C) every mother
- D) goddess Cybele

24) When did people start officially celebrating the holiday?

- A) In 1909
- B) In 1912
- C) In the 19th century

25) What is true about Mother's Day in the US?

- A) It is a national holiday.
- B) People do not celebrate in May.
- C) It is not an important celebration.
- D) People celebrate it on the second Sunday in May.

26) When is Mother's Day celebrated around the world?

- A) It is always celebrated at the end of May.
- B) The date changes depending on the country.
- C) It is on a weekday on the second week of May.
- D) It is on the second Sunday in May except in the USA.

27) How do people commonly celebrate Mother's Day? People _____

- A) cook for their mothers
- B) take their mother to eat out

Subject: An unforgettable night

Hi Sara!

I wanted to share with you an amazing night that I will never forget. The story started in a small beach town, where the weather was perfect for a summer evening. My friends and I decided to meet up at a bar in front of the beach.

As soon as we arrived, we could hear the active music and laughter coming from inside the bar. The energy was powerful! We found a nice table near the dance floor and ordered our drinks and snacks. The live band playing that night was fantastic, and we couldn't refuse joining the crowd on the dance floor.

However, the night took an unusual turn when we decided to take a break from the crowded bar, and we decided to take a walk along the beach.

Fortunately, we reached a group of locals gathered around a small bonfire. They welcomed us very kind and invited us to join them. We ended up spending hours with this amazing group of people. That night was memorable. The combination of good company, great music, and the fascinating beach setting created a magic atmosphere. I can't wait to catch up with you soon and hear about your own adventures. Take care and speak to you soon!

Best wishes,

Karen

UNFORGETTABLE EXPERIENCE IN MY LIFE

Hello! I'm Arlene. This unforgettable experience is always going to be in my memory. I can't wait to tell all of you about an unforgettable experience I had last weekend. You won't believe what happened! My family don't like unplanned adventures. So, I went on a spontaneous road trip with a group of friends to a remote beach. It was amazing! I love spontaneous adventures.

First, we decided to try something adventurous and rented surfboards. None of us had surfed before, but we were up for the challenge. Wow, that was an amazing experience! I've always wanted to try surfing. It was a bit challenging, but then we laughed a lot and had a lot of fun. I think my coworkers can enjoy this adventure. Then, something unexpected happened. It was incredible, as I was paddling back out after catching a wave, a group of dolphins appeared right next to me. They were swimming and playing in the waves. Oh, my goodness, that was like as once-in-a-lifetime experience! After that, my friends and I were taking pictures of these amazing characters of the sea. Dolphins have captivated people with specific attributes like the way they develop strong bonds with each other, work together as a team when hunting, and take time out of their day to ride bow waves and jump out of the water for sheer joy.

Finally, we will be grateful forever for the opportunity that we had this day to see the dolphins up close and photograph it was a great experience. When they turned their eyes and look at me, it feels like it can look right into their soul. This is the story I want to share with my cousins and a day I'll never forget. I loved it.
